Osama Vinladen

From Wikipedia, the free encyclopedia

Osama Vinladen Jiménez López (born 7 October 2002) is a Peruvian professional footballer who plays as a midfielder for Peruvian Segunda División side Unión Comercio.

Personal life [edit | edit source]

Vinladen is named after Osama bin Laden, the founder of the terrorist group Al-Qaeda;[3] the difference in spelling is due to the similarity of b and v in Spanish.[4] Vinladen has a brother named Sadam Huseín, the Spanish spelling of Iraqi leader Saddam Hussein, and his sister called Georgia Bush.[5]

Actress-singer Maymay Entrata took to Twitter/X to confirm her breakup with her Canadian boyfriend, Aaron Haskell.

“Hello po sa lahat, gusto ko lang po mag explain ng konti about dun sa last post ko sa IG. “I took a wrong path again nung 2021” it was my past trauma po. I was hurt and so I hurt other people even the people I love. I’m asking lang po sana to be kind especially po from my past relationship (Aaron). Do not take this against him. From the bottom of my heart maraming salamat po,” she said on Twitter/X.

Hypertrichosis - Wikipedia
en.m.wikipedia.org

Hypertrichosis

Article Talk

"Werewolf syndrome" redirects here. Not to be confused with Clinical lycanthropy.

Hypertrichosis is an abnormal amount of hair growth over the body.[1][2] The two distinct types of hypertrichosis are generalized hypertrichosis, which occurs over the entire body, and localized hypertrichosis, which is restricted to a certain area.[1] Hypertrichosis can be either congenital (present at birth) or acquired later in life.[3][4] The excess growth of hair occurs in areas of the skin with the exception of androgen-dependent hair of the pubic area, face, and axillary regions.[5]
